1931 Stella Lake Drive Las Vegas, NV 89106  
(702) 550-3261  
[www.soelv.org](http://www.soelv.org)

## Financial Assistance

For applicants who qualify, tuition assistance may be available through a Workforce Connections WIOA funded partner agency. You will find the current list of funded partners online at: [www.soelv.org/funding](http://www.soelv.org/funding)

### Assessments Required Prior to Enrollment

It is recommended that participants have their High School Diploma or High School Equivalency Certification.

Should participants not have their High School Diploma or Equivalency Certification participants must complete the CASAS basic skills assessment for reading.

# Standards of Excellence Academy

Offering training leading to industry recognized certification

## Forklift Operator

Standards of Excellence Academy is accredited by the Nevada Commission on Post-Secondary Education

1931 Stella Lake Drive Las Vegas, NV 89106  
(702) 550-3261  
[www.soelv.org](http://www.soelv.org)

If you are dependable, physically fit, well organized and up for a challenging career, you may find Forklift Operation to be an excellent career option. Forklift Operators help to keep business moving by ensuring that all goods reach their final destination intact and on schedule. Forklift operation is growing faster than the average for all occupations.

Certified Forklift Operators tend to be paid more than their non-certified colleagues and are often the first to be considered for promotion.

## Certified Forklift Operator

After the successful completion of this course, participants will be able to test to be certified as a Counterbalanced Sit-down Forklift Driver. Students will demonstrate proficiency in being able to drive and control a forklift in accordance with all laws and regulations for a Forklift Operator.

## Why Choose the Standards of Excellence Academy?

Because we are a non-profit academy, Standards of Excellence is able to bring higher education, job credentials and better employment within financial reach. We provide:

**High quality, State-accredited, post-secondary** vocational training and certification programs

Classes that equip you to earn **nationally recognized certification**

**Smaller Class Sizes** allowing for more personal attention

**Certified Instructors**

**State of the Art** training facility

**One-on-one instruction** if needed to address individual challenges

## About Forklift Operator Training

The Forklift Operator course is a 1-day program with 8 hours of instruction. Which includes hands on forklift operation.
